EMULGADE® MEC/MB

Our Solution for nature inspired Personal Care Wet Wipes

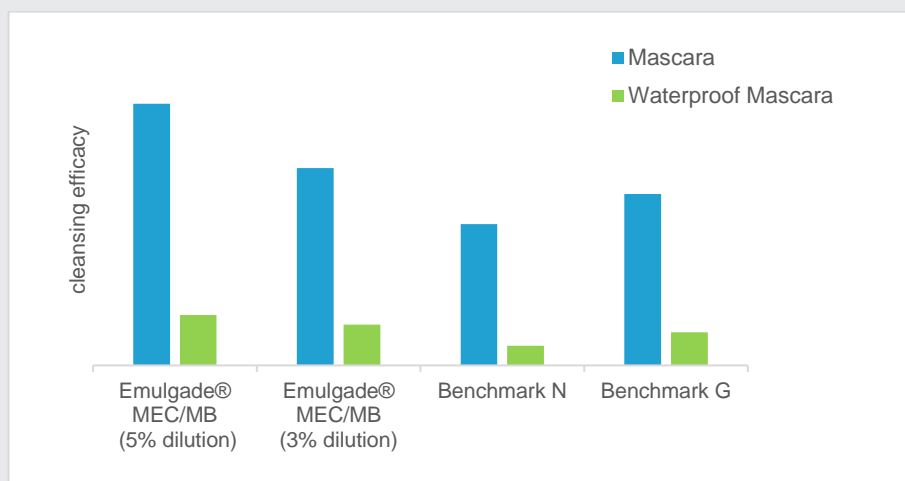

Skin-friendly, eye-friendly, cleansing performance and sustainability benefits – answering the growing demand for nature inspired wet wipes at a competitive price can be challenging.

The microemulsion Emulgade® MEC/MB brings it all together, enabling EO-free wet wipe formulations with excellent skin and eye compatibility as well as high skin-care lipid and cleansing emollient content.

The highly concentrated solution delivers convincing performance in final formulations – even for waterproof mascara removal – combined with an attractive cost-in-use profile.

Mascara and Waterproof Mascara Removal on Wipes
